TO-220 LEAD FORMING

280120

NOTE: SWITCH MECHANISM NEXT TO PCB.

The diagram illustrates the lead forming process for TO-220 components. The top section shows a cross-section of a lead being formed into a specific shape, with a dimension of 0.075 indicated. The bottom section shows a 3D perspective of the assembly, with a label 280120 pointing to a component and a note indicating the switch mechanism is next to the PCB.
