

MAIN BOARD		11AK37
SHEET		002/Video
VERSION		5
DATE		23.01.2002

The schematic diagram illustrates the internal circuitry of the video board. It includes a power supply section with a 14V input, a video input section with a 14V input, and a video output section with a 14V output. The board features several integrated circuits (ICs) including IC301 (TDA7269A), IC403 (STV223X_SHRINK56), and IC405 (PL405). The diagram shows various components like resistors, capacitors, and transistors, along with their pin connections and values. A table at the top left provides board identification: MAIN BOARD 11AK37, SHEET 002/Video, VERSION 5, and DATE 23.01.2002.
