

PRINTER INSTRUCTIONS

PROJECT (FILE NUMBER): VR632HF

NOTE: THE PURPOSE OF THIS DOCUMENT IS TO PROVIDE PRINTING INSTRUCTION TO THE PRINTING COMPANY. THIS DOCUMENT **SHOULD NOT** BE INCLUDED IN THE PRINTED PUBLICATION.

The information required by the printer to produce the printed publication is contained in the "PRINTER" sub directory on the Project CD ROM. When accessing the "PRINTER" sub directory, make sure that you are looking under the correct "project file number". In some instances there will be more than one project (file number) on the disk. The following is a brief description of the information contained in the printer directory and instructions on the assembly of the printed manual.

PDF FILES CONTAINING 8 1/2 X 11 TEXT PAGES

- Front Cover With Main Index (Does not have a page number)
- General Information Section (This section begins with page number 1-1)
